US	17,292,050	21,693,150	17,808,650	22,337,900

1/ There were 185,783 bales included in this report from the 2004 crop which ginners estimated would be ginned after the March survey, compared to 19,293 bales last year. Of the total expected to be ginned, 79 percent was reported by gins in Texas. There were 890 active cotton gins for the 2004 crop year which is the same as last year.
